Driver & Passenger Permission

Dear Parents,

We ask students to ride as passengers with student drivers or to provide rides as infrequently as possible. Our buses hold 14 passengers each, however, and we do not always have sufficient seats or adult drivers, especially for concurrent activities. In these cases, we may call upon student drivers, per the permissions you indicate below.

Please complete *all sections* of this form, and please complete one form *per student*.

Please see the Handbook for other details regarding Parking & Driving.

If you are available to volunteer as a driver, please let us know. Your help can be offered regularly or rarely, frequently or infrequently, and is accepted gratefully.

Sincerely,

Stephen Sagarin, Executive Director & Faculty Chair
