Permission for Student Drivers and Passengers

Dear Parents,

Here is our policy on students as drivers and as passengers in other students' cars:

- No student may drive other students or ride as a passenger in another student's car during the school day or for an extracurricular event (a soccer game, e.g.) without written permission from parents or guardian.
- We ask students to drive or to ride as passengers as infrequently as possible. Our buses hold only 14 passengers each, however, and we do not always have sufficient staff to provide adult drivers for every occasion. If you are available to help with driving during the school day or for after school activities, please let us know.

Please renew or update any permissions you may have given last year by completing the form below. (Note: Current guidelines on distancing make this policy unnecessary, but we would like to have these forms on file for the future. Many thanks!)

Sincerely,

Stephen Sagarin, Faculty Chair
